Leotard Care – Hand washing instructions

1. Water is to be cold or only very slightly warm.
2. Add a small amount of laundry detergent mix well into water
3. Turn leotard inside out
4. Gently squeeze the soapy water through the leotard especially the crutch & underarm area.
5. Don't wring or twist the leotard
6. Rinse the leotard under running water until water runs clear – no bubbles or soap seen
7. Gently squeeze out water. You can also wrap the leotard in a towel to help remove excess water
8. Hang the leotard up by the waist of the underpants to dry
